

BADMINTON ENGLAND PERFORMANCE PATHWAY 2021-2022

Pathway Aim:

‘To inspire, support and develop individuals to be the best they can be’

ENGLAND JUNIOR PATHWAY ASSESSMENT CRITERIA 2021-22

The aim of the assessment criteria is to select players for the Pathway who demonstrate the attributes and **future performance potential to win medals at major Senior International events**. Results are not the only predictor of future performance and performance trajectory, commitment and performance behaviours will also be taken into account when selecting players for the Pathway.

Players are considered for the Pathway at annual reviews held around May/June for those on the England Junior Pathway (EJP) and in January for the Senior/Perform Programme. Those players that have met published results criteria during the previous 12 month period will be considered at Junior Pathway Reviews along with all current EJP Pathway players. At these reviews, players will be assessed in the 4 key areas against the Pathway levels (page 5) for selection to Pathway.*

*Due to Covid-19, in 2021 players will be considered for Pathway through invitation to attend Trials with consideration also given to their results from the first set of June / July 2021 Gold tournaments

ENGLAND JUNIOR PATHWAY RESULTS CRITERIA 2021-22

The below provides an overview of the performance standards and player progression expectations required for England Junior Pathway inclusion. Pathway inclusion is not based on results in isolation, but instead the meeting of result criteria is a trigger for a player to be considered at the next Junior Pathway Review where the player will be considered in conjunction with the 3 further areas of criteria (listed on page 5) to determine allocation of pathway places.
