Should there be more players/pairs who meet the above automatic selection criteria than required for the Team Event, the Selection Panel will then refer to the section headed 'Additional Considerations' (Page 3) to determine further selection for this Event, with reference to the Policy and Performance Objective (1.1 and 2.1).

Secondary Selection Process

As above, at the conclusion of the automatic selection process against Policy Objective 1.1 and Performance Objective 2.1, the Panel will, if there are insufficient players to fulfil/provide necessary cover for the Team matches, consider further players against the Policy Objective 1.2 who have met the criteria below and will refer to the Additional Considerations (page 3) when making the selections. For avoidance of misinterpretation, meeting any criteria under 4.2 does not automatically guarantee selection.

4.2 The process of selection at this secondary stage will in the first instance consider players that have met one or more criteria below between 1 January 2021 and the selection date and will take account of the additional consideration points stated below:

- Excel and/or Transition Group players
- Players achieving significant international results in International Tournaments in the opinion of the Selection Panel
- Previous selection for Senior Team Championship Events (within the last 2 years)

***N.B** No weighting or priority will be applied to the above criteria. Each player will be assessed against the additional considerations and selection decisions will be taken by the Panel exercising its expert opinion and taking into account those disciplines in which players are required to be able to fulfil all Team Matches.*

Additional Considerations

The Panel will take into account the following during their discussion on players/pairs being considered for selection under both 1.1 and 1.2;

- Quality of the Event/discipline and opposition the listed players have competed in/against between 1 January 2021 and the selection date
- Unforeseen circumstances that over-promote an player's performance level i.e., byes, walk-overs and withdrawals between 1 January 2021 and selection date
- Where similar results are present, an player's current results and consistency will take priority
- Player/pairs rate of development, application and commitment in training, in the opinion of the Panel (due to Covid restrictions limiting competition, particularly for new pairings)
- Extenuating circumstances e.g., significant/long term injury or illness, which has impacted on an player's ability to compete during the period during which players are required to have met criteria. Where this is the case, the player's prior performance level will be considered
